About Us

In 1988, **'Anant Industries'** was established by **Mr. Chetan Dharia** by taking inspiration from **DefExpo-88.**

From a humble beginning as a spring manufacturer for Army Base Workshops in Pune, our Organisation has come a long way to be recognized today as a Manufacturer of Critical Systems, Assemblies, and parts for Soviet-Origin Armoured Vehicles which are in service in the Indian Army.

While focusing on indigenising spares for Armoured Fighting Tanks, Artillary Guns, Defence Equipment's, we have been successful in contributing towards import substitution with the ultimate goal of 'Atmanirbhar Bharat' in Defence sector.

All our Products are manufactured and tested as per the **Highest Quality Standards** with the Optimum Combination of Cost and Delivery.

Over the span of last three decades in the Indian Defence Industry, we have always prioritized our Customer Requirements and we take immense Pride in serving our Customers.

From April 2020, we changed the name of our Company from 'Anant Industries' to **'Anant Defence Systems Pvt. Ltd.'**

With a more focussed approach towards the Indian as well as the Global Defence Industry, we now aim to grow strength by strength to be known as a Trustworthy reckoned force in the **Global Defence Industry.**

Vision: To be a Trustworthy Global Company to Defence OEMs.

Mission: Customer Satisfaction through ideal combination of Quality, Cost, Delivery and Service.

Values:

- Dedicated Service to Defence Equipment Manufacturers.
- Follow High Ethical Standards.
- Create an environment and Culture to facilitate Growth and Progress of all our Business Stake Holders with full energy & enthusiasm.
- Continual Improvement in Capability, Capacity and Processes.
- Contribute to the well-being of our fellow society through various CSR activities.

Quality Policy

Quality Control- Strict control is maintained at every stage to ensure the highest quality of final product that will satisfy our Customer's Requirements.

Quality System - As a part of ISO-9001-2015, We have well defined Quality Systems and Process Manuals for methodical approach at every stage.

In Journey with You…
